

Mr. Mitchell's Biography

Hello, my name is William Mitchell and I was born and raised in Merced, Ca. In 2004, I graduated Merced High School and began my college journey. My first two college years were spent at Merced College where I obtained an AA degree in Psychology. I transferred to CSU Stanislaus where I began my first steps in becoming a teacher. I graduated from CSU Stanislaus with a BA in Liberal Studies with a concentration in History. Right after I graduated, I entered the Credential Program at CSU Stanislaus. I obtained a Multiple Subjects Teaching Credential in 2011. I am still currently attending CSU Stanislaus. I recently finished my last class to obtain an Administrative Credential and I have just begun taking classes towards a Master's Degree in Education.

My teaching career officially began in 2011 at St. Anthony's School in Atwater. For six years, I taught a 7/8 combo class where I was able to teach all subjects. I also did some work with 5th and 6th grade classes, mostly in mathematics. Besides teaching, I coached boys' basketball during my time at St. Anthony's. In 2017, I started teaching at Ballico Elementary. I had the pleasure of teaching 4th grade and had such a wonderful year with my amazing students. I also enjoyed being able to continue to coach boys' basketball at Ballico Elementary. I am now entering my eighth year of teaching and I will be teaching 4th grade again at Ballico Elementary for the upcoming school year. I am very excited to get to work.
