

Mrs. Winton

Hi there! Welcome to my class. My family has been part of the Ballico family since 2007 when my twins started Kindergarten. At that time I ran the ASSETS after school program and was a substitute teacher in the district as well. I officially became a junior high math and science teacher at Ballico in November of 2013.

Teaching at Ballico is the biggest blessing for both myself and my family. Having grown up in Snelling, I felt it was very important for my own children to be exposed to the same "small school" educational experience. In all of my experiences of going to school, the community I grew up with had more impact than any other influence. Teachers and students at Ballico resemble one big family, and I love that! While I no longer will have my own children coming to Ballico with me, I know that I will still continue to be with my family.

Outside of school I enjoy spending time with friends and family. I married my husband Scott in 2000. He is the Athletic Director at Livingston High. We have 3 children; Annie (16/12th), Cooper (16/11th grade,) and Owen (14/9th grade.) They all play multiple sports so we stay busy with those. We are huge fans of the SF Giants, SF 49ers, and the Golden State Warriors.
